PROFESSIONAL SUMMARY

Detail-oriented Data Analyst with 2 years of experience in data analysis, visualization, and reporting. Proficient in Python and SQL for data processing. Some exposure to machine learning concepts and basic model building using Scikit-learn. Looking to transition into an AI/ML role.

TECHNICAL SKILLS

Languages	Python, SQL, R
ML (Basic)	Scikit-learn, Linear Regression, Decision Trees
Data & Viz	Pandas, NumPy, Tableau, PowerBI, Excel
Databases	MySQL, PostgreSQL
Other Tools	Git, Jupyter Notebook, Google Colab

WORK EXPERIENCE

Data Analyst Aug 2022 – Present

Infosys Ltd | Pune

- Analysed large datasets using Python and SQL to generate business insights for retail clients.
- Built interactive dashboards in Tableau and PowerBI for senior management reporting.
- Wrote Python scripts using Pandas and NumPy to automate weekly data cleaning tasks.
- Developed basic classification models using Scikit-learn for customer churn prediction (82% accuracy).

Data Analyst Intern Jan 2022 – Jul 2022

Wipro Technologies | Bangalore

- Supported the analytics team with data extraction, transformation, and loading (ETL) using SQL.
- Created weekly performance reports using Excel and Google Sheets for stakeholders.

PROJECTS

Customer Churn Prediction 2023

- Built a churn prediction model using Scikit-learn with Logistic Regression and Random Forest.
- Performed feature engineering and EDA using Pandas; achieved 84% test accuracy.

Sales Dashboard (Tableau) 2022

- Designed an end-to-end Tableau dashboard visualising sales KPIs across 5 regions.
- Reduced manual reporting time by 6 hours per week for the sales team.

EDUCATION

B.Tech in Information Technology 2018 – 2022

VIT University | Vellore

CGPA: 8.1 / 10

CERTIFICATIONS

- Google Data Analytics Professional Certificate – Coursera (2023)

• Python for Data Science – IBM / Coursera (2022)
